10 rows # evergreen

4 rows #7611 cedar

Repeat the last section 3 more times.

Repeat The first section 1 more time.

Work from the beginning will measure approximately 34”. Bind off

Felting:

Put your pillow in the washer using a mild or no-rinse soap, hot water and a low water level. Agitate for 25 minutes or until the stitches disappear. Finish the cycle, remove from washer, shape the pillow with your hands into a square, and allow to dry flat.

Stuff with fiber filling. Sew the center edges with a sewing needle and a dark color thread. Sew button over the center.
